

## Measurement instruction: niche solution

### Step 1:

Enter the measurements (cm) into the corresponding boxes.

### Required tools:

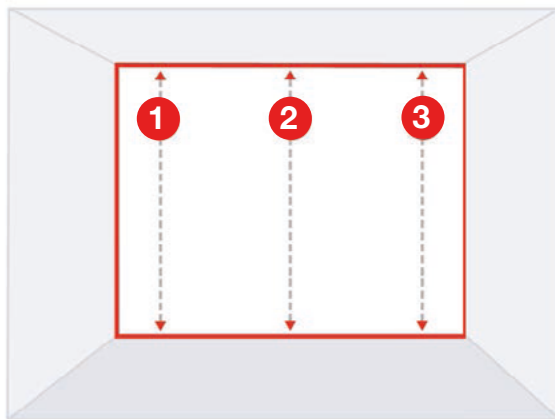

tape measure or folding ruler, pen, and the printed measurement guide.

 cm

**Width:**  
shortest measurement

### How to measure correctly:

Measure the width at three different points and always take the smallest measurement. If your measurements vary by more than 2 cm, please contact us.

 cm

**Height:**  
shortest measurement

### How to measure correctly:

Measure the height at three different points and always take the smallest measurement. If your measurements vary by more than 2 cm, please contact us.

### Step 2:

After measuring, you can quickly and easily enter the data into the sliding door configurator at <https://www.Furnfab.com/en/products-sliding-doors>.
